Morrison County Local Water Plan presents:

LAKE AND RIVER DAY

For all shoreline owners and citizens who use our Lakes and Rivers

Saturday, June 1st, 2019

8:30am—12:00pm

Initiative Foundation

405 First St. S.E.

Little Falls, MN 56345

Presentations by:

Morrison County Land Services, Morrison Soil & Water Conservation District and MN DNR

Topics:

Aquatic Invasive Species, Aquatic Plant Identification, Septic Systems, Shoreland Stewardship, Cost-Share Opportunities, Well Water Testing for Nitrates and an opportunity for landowners to bring forth questions and/or concerns

Refreshments/Door Prizes provided

How Do I Test My Well Water for Nitrates?

Step 1. Allow your faucet to run for approximately 5 minutes.

Step 2. Collect water sample in a new re-sealable plastic bag or clean glass jar. (Sample no older than 24 hours)

Step 3. Bring along sample to Lake & River Day. Results will be provided on-site.
